The Numbers

49	9	4	650+
MCP Tools in production	Team Size built from 1	Systems/Month shipped	Vessel Fleet enterprise client

What I Built

Cortex — 49-Tool MCP Platform

Solo Build

Production MCP server with knowledge graph (315+ nodes), sprint planning, agent coordination, real-time sessions. FastAPI + PostgreSQL + 27 tables. Live: cortex.stuckaryan.in

Eagle AI — Multi-Agent Orchestration

Led Team of 3

Enterprise platform: SQL/voice/email/workflow agents, DAG execution, WebSocket voice, MS Graph. Serves 650+ vessel fleet.

Comply — B2B Compliance SaaS

Solo Build

Sanctions screening (OFAC/EU/UN), AI document analysis, entity intelligence dossiers. Full product with auth, audit trail.

Financial SQL Agent

Production

11-step ETL pipeline, 88%+ query accuracy over millions of rows. Deployed to enterprise clients.

Why Me

- **MCP Protocol** — rare production expertise
- **Claude API** — deep Anthropic ecosystem
- **Ships fast** — 4 systems in 1 month
- **Builds teams** — 1 to 9 engineers
- **Full-stack** — backend, frontend, infra, AI
- **Solo builder** — 2 complete SaaS products

Tech Stack

AI/ML: Claude API, MCP Protocol, LangChain, RAG, Multi-Agent Systems
Backend: Python, FastAPI, Node.js, Django, .NET 8, WebSocket
Frontend: React, TypeScript, Jinja2, Tailwind, HTMX
Data: PostgreSQL, SQL Server, MongoDB, ChromaDB, Cosmos DB
Infra: Docker, Railway, Azure, GitHub Actions, CI/CD

B.Tech CSE — VIT Chennai (2020–2024) | 7.9 CGPA

“I don’t just write code — I hire, train, set up processes, and deliver to enterprise clients.”
